

PETITION TO Dr. ALLISON BERRY

Health Director for Clallam and Jefferson County

The men and women signed below are adult residents of Jefferson/Clallam County and agree to the following:

I/we have read where you are in discussion or consideration of a requirement for a vaccination card to enter restaurants and businesses in Clallam County. I am writing you to strongly encourage you to not do this for the following 2 reasons:

1. You will be doing an act of Treason. You will be breaking the 1st, 4th and 14th Amendments of the Constitution of this country.
2. You will be breaking the Nuremberg Code:

The Nuremberg Code

for Crimes Against Humanity by the International Military Tribunal at Nuremberg, Germany-1947

1. The voluntary consent of the human subject is absolutely essential.

This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, over-reaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved, as to enable him to make an understanding and enlightened decision. ...

You and other leaders as yourself-- are putting yourself in the possibility of a class action lawsuit.

We would like to be informed if and when you plan to go forward with this egregious

action. If you are asked such a question YOUR appropriate answer as a citizen of the United States of America= is No....I will not even consider breaking the Constitution or the Nuremberg Code.
